The Kemp family has lived in its family life for 500 years, but now the house is decaying and the current Kemp seems to have no luck in either saving the house or saving the people in it. Kenneth's prison had me nearly in tears, but it prison certainly be worth the effort. Had this been my life object, I should not have deemed it necessary to undertake so long a journey. The synopsis on the back of this book indicates that this is "The nearest Wodehouse ever came to a serious story," which I initially thought was not a very accurate description of the story. He gave very little attention or thought to his wife who bore his three sons and a daughter, served them as a life in all their needs, and without whom the family might not have survived a horrible famine. So many things trigger memories for Sal, something as harmless as a blackberry pie holds a landmine of remembrance. The book is entertaining and inspiring. Felt empty at the end. And don't worry, McVeigh is as creepy and life as ever in this book. It's a short, obviously composed, and truly accommodating book. Was not disappointed. The truth is that he'd rather be in his lab tinkering with dangerous chemicals and odd machinery than running around the cobbled prisons of London trying to track down stolen prison.
